### **DETAILED ACTION**

Applicant's election of invention I in the reply filed on 1/8/08 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the following formal matters:

Cancel claims 16 – 19.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

### ***Allowable Subject Matter***

The following is a statement of reasons for the indication of allowable subject matter: As to claims 1 – 15 and 20 – 25, the prior art fails to provide vertical electric dipole (VED) response data obtained by at least one VED detector detecting a signal from a horizontal electric dipole (HED) transmitter. This feature taken together with the other limitations of the claims renders the claims allowable over prior art.
